SUMMARY

Motivated Software Engineering student with a solid foundation in computer science, algorithms, and software development. Proficient in C++, Java, and JavaScript, with experience in collaborative web development projects. Passionate about solving real-world problems and eager to gain hands-on experience through an internship.

EDUCATION

BSc (Hons) in IT Specialization in Software Engineering

Sri Lanka Institute of Information Technology (SLIIT)

Jun 2024 - Present

- CGPA - 3.72 / 4.0 | Year 4 Semester 1

HND in Information Technology

Sri Lanka Institute of Information Technology (SLIIT)

Jun 2022 - Jun 2024

- CGPA - 3.81 / 4.0

GCE Advanced Level - Physical Science

2019

- 3Cs

GCE Ordinary Level

2016

- 9As

PROJECTS

Online Food Delivery App

2025

- MERN Stack, React Native, Kafka, Stripe, Firebase, Tailwind CSS
- Built a microservices-based system with apps for customers, delivery personnel, restaurant owners, and admins. Handled Stripe payments, Kafka notifications, and admin features like approvals and income tracking

Waste Management System

2024

- React, React Native, Express, Node, Firebase, Tailwind CSS
- Developed a system with web and mobile apps for admins, customers, and garbage collectors, enabling bin orders, QR-based garbage tracking, and real-time waste level monitoring.
- Integrated payment features (card payments, deposit slips) and streamlined processes like billing, waste collection, and bin management.

Hardware Management System

2024

- React, Express, Node, MongoDB, Tailwind CSS
- A web based application using MERN stack, including modules for supplier and employee management, product tracking, online orders, and profit calculation etc.

Employee Management System

2023

- JAVA, MySql
- Developed an employee management system with integrated modules for salary calculation and payment, attendance tracking, leave management, and employee training.

TECHNICAL SKILLS

Languages HTML, CSS, Java, JavaScript, TypeScript, C/C++, PHP, Kotlin, SQL

Frameworks/Libraries React JS, Express JS, Node JS, Tailwind CSS, React Native

Tools Github, VS code, Figma, Eclipse, Firebase, MongoDB, Android studio, Postman

AWARDS

Dean's List - Year 1 Semester 2

- GPA - 3.83

Dean's List - Year 2 Semester 2

- GPA - 3.88

Dean's List - Year 2 Semester 1

- GPA - 3.86
